Professional Experience

Intel Corporation, Chandler, AZ

October 2019 – November 2024

Data Center & AI Marketing

Marketing Program Manager & Partner Integration Lead, August 2022 – November 2024

Tailored global campaign strategies for regional markets and partners to deliver unified and impactful execution strategies, led partner co-marketing opportunities and readiness for Xeon product launches.

- Scaled a paid content syndication program across 5 global markets, achieving 100% of target leads in the U.S. two weeks ahead of schedule.
- Led partner readiness for 5 key global partners and 150 channel partners enabling go to market strategies for Intel Xeon product launches.
- Produced 12 partner launch playbooks that drove a 20% increase in partner participation and co-marketing opportunities for 4 Xeon product portfolio launches.
- Developed an online partner marketing hub to share key messaging, marketing strategy, and activation plans with internal partner teams to drive partner alignment and increase employee access to actionable resources by 200%.

Marketing Program Manager & Product Marketing Compete Strategies, May 2021 – July 2022

Planned and executed data-driven competitive strategies through targeted SEM campaigns, .COM and marketing intelligence to enhance operational efficiency and competitive positioning.

- Created three competitive response microsites to counter competitor threats, enabling sales and social teams to maintain share of voice and effectively challenge rival messaging.
- Reduced competitive response agility by 2-3 weeks through comprehensive competitive research tools that identified and tracked 4 key competitors, providing competitive landscape insights and enabling proactive market responses.

Marketing Manager & B2B Campaign Strategy, October 2019 – April 2021

Led cross-functional collaboration to align and deliver global B2B campaign initiatives including social, web, customer journey activations, content, and partner engagement ensuring seamless execution and alignment with strategic objectives.

- Managed a cross-organizational edge to cloud digital campaign reaching a 20% impression rate across targeted digital channels.
- Delivered a supplemental media campaign enhancing product visibility and supporting the Intel Xeon brand for 3rd Gen Xeon Scalable processors.
